

Victaulic Trademarks/Trade Names

The following are registered ® trademarks or trademarks ™ in use throughout this catalog and other literature, by Victaulic Company, its subsidiaries and affiliated companies, and may only be used with a capital letter starting as an adjective with the generic name only, not in the possessive and with the proper indication that each is a "Registered trademark of Victaulic."

Trademark	Generic Identification	Product Explanation
Duo-Lock™	Coupling for double grooved pipe	Style 808 coupling used with double cut grooved pipe
EndSeal®	Grooved pipe coupling gasket	Grooved pipe coupling gasket, related groove dimensions and couplings for coated/lined pipe end protection
FireBall®	Grooved end ball valve	UL/ULC/FM ball valve for fire protection service
FireLock®	Fire protection couplings, fittings and valves	Style 005 coupling and compatible fittings for grooved end fire protection pipe providing a rigid joint. Also applies to Series 717/717R/728 fire protection check valves
Fire-R™	Fire retardant gasket	Special EndSeal-type gasket for API 607 service
FIT®	Plain end pipe fittings	(Fast Installation Technique) quarter turn locking lug fittings for plain end small diameter pipe
FlushSeal®	Grooved pipe coupling gasket	Grooved pipe coupling gasket with soft central leg to reduce pipe end cavity (IPS) to effect proper sealing on ductile pipe (AWWA)
Mechanical-T®	Bolted branch outlet	Style 920, 921 and 929 fittings for hole cut pipe
Mover®	Slip-type expansion joint	Style 150 slip-type expansion joint
Pipeco®	Abbreviation for n.v. Pipeco, s.a.	A European subsidiary of Victaulic Company of America
Plainlock®	Plain end pipe fittings	Fittings for plain end steel pipe
Pressfit®	Plain end pipe fittings	Series 500 fittings pressed on to Schedule 5 steel and stainless steel pipe
Roust-A-Bout®	Plain end pipe coupling	Style 99 couplings for plain end pipe
Snap-Joint®	Quick disconnect pipe coupling	Style 78 coupling for grooved end pipe – also Style 780/781 for double grooved pipe
Swinger®	Swing check valve	Series 712/713 grooved end swing check valve
System II™	Double grooved piping system	General designation for products used on double grooved pipe
TestMaster™ II	Alarm test module	Series 720 inspector's test module
	–	Stylized logo for Victaulic, Victaulic Company of America and various products and foundry symbol
Vic®	–	Abbreviation for Victaulic or Victaulic Company of America and a suffix for varied products manufactured by same
Vic®-300	Butterfly valve	Grooved end butterfly valve
Victaulic®	–	Acceptable alternate designation for Victaulic Company of America, Victaulic Tool Company, Victaulic Company of Canada, Limited and subsequent subsidiaries and for products manufactured by same
Vic-Adjustable™	Cut grooving tools	Styles VG28, VG28D and VG824 adjustable cut groovers
Vic-Ball®	Grooved end ball valve	Series 726 grooved end ball valve
Vic-Boltless®	Pin assembled pipe coupling	Style 791 coupling for grooved end pipe
Vic-Easy®	Roll grooving tools	Victaulic tools for roll grooving pipe
Vic®-End	End of run sprinkler outlet	Fire protection fitting used for end of pipe run sprinkler outlets
Vic-Flange®	Groove to flange adapter	Styles 741/743/341/641 adapters to incorporate flanged components directly into grooved piping systems
Vic-Flex™	Flexible fire protection coupling	Flexible coupling specifically designed for fire protection systems
Vic-Groover®	Individual cut grooving tool	Cut grooving tools for single pipe size
Vic-Let™	Strapless branch outlet	Style 923 outlet fitting for hole cut pipe
Vic-Plug™	Grooved end plug valve	Series 365 and 377 grooved end eccentric plug valve
Vic-Press 304™	Pressfit 304 stainless components	Couplings, fittings and valves for Pressfit 0.049" wall, 304 stainless steel piping
Vic-O-Well™	Strapless thermometer outlet	Style 924 thermometer fitting for hole cut pipe
Vic-Strainer®	Grooved end strainer	Style 730 in-line tee-type and Style 732 in-line wye-type grooved end strainer
Vic-Tap®	Hot tapping device	Style 930 UL Listed and Style 931 devices, for tapping into piping systems under pressure
Zero-Flex®	Rigid pipe coupling	Style 07 coupling for grooved end pipe providing a rigid joint

AFFILIATED COMPANIES

Trademark	Generic Identification	Product Explanation
Aquamine®	Registered to Aquamine, LLC	PVC piping - reusable spline piping system
Coastline®	Registered to Coastline Plastics, Inc.	Small diameter CPVC piping products
Depend-O-Lok®	Registered to Victaulic Depend-O-Lok, Inc.	Joining method for medium and large diameter pipeline
